April 29, 2012

Assemblyman Michael Montesano
Legislative Office Building, Room 633
188 State Street
Albany, New York 12248

Dear Assemblyman Montesano:

Thank you for your continued efforts to mitigate the effects of the decommissioning of the LIPA Power Plant in Glenwood Landing on the North Shore School District and the communities it serves. Now that LIPA has begun taking steps to shut down the Glenwood Plant and pass along millions of dollars of tax obligations to the homeowners, it is more important than ever before to pass a recently introduced Bill during this legislative session that will address the overwhelming negative impact on the District residents. To delay its passage or worse yet, for New York State to fail to recognize the importance of this issue would be devastating.

Residents of the Village of Old Brookville appreciate your assurances that you will use all legislative means at your disposal to achieve the most beneficial outcome for District residents. We continue to depend on you and support your efforts to protect and preserve the quality of education afforded by the North Shore School system.

Yours truly,

Bernard D. Ryba
Mayor – Village of Old Brookville
